7. PRIZES AND JACKPOT

In light of the competition procedure described in art. 9 below, the prize consists in winning the hotel accommodation that the Entrant had intended to buy.

It is therefore not possible to quantify in advance the value of each prize (and, therefore, the corresponding total amount). This will change on a case-by-case basis, also in light of the many options that the customer may select during each purchase.

Therefore, as it is impossible to predict the value of each prize (as this will vary based on a number of factors, such as the time of travel and/or availability), the approximate unit cost of each prize is indicated below on the basis of the best possible estimate, and should be regarded as merely indicative.

Please note that the estimate below refers to the basic cost of the hotel accommodation, including taxes and excluding additional services; the value actually won by the Entrants may also be much lower than the estimates provided below:

Description	Quantity	Approximate total cost
3, 4, 5 Star-Hotel	6	€ 800.00

Prizes may not be transferred, replaced or converted into cash or other goods, even goods of lesser value.

Total jackpot: € 8,00.00

9. HOW THE CONTEST WORKS, HOW ENTRANTS ENTER THE CONTEST AND HOW PRIZES ARE AWARDED

Everyone who purchases a hotel accommodation during the contest term will be offered the opportunity to enter the contest by the "Instant Win" method described in detail below. Contest entry is optional and free of charge (though no refunds will be paid for hotel accommodation if the Entrant does not win, to prevent attempted fraud and guarantee equal treatment and equal opportunities for all Entrants; all users will be individually notified of this before entering the contest).

The contest "jollyticket.com Instant Win" no. 20 works as follows:

- 1) After registering on the website www.jollyticket.com, the Entrant submits a request to purchase one or more hotel accommodation (3/4/5 Stars Hotel), entering all the data required for the purpose (name, surname, address, telephone number, date of birth, tax code and e-mail);

- 2) Before confirming payment, the purchaser is asked if he or she wishes to enter the contest, and is explicitly informed that if he or she does enter the contest, no refunds will be made for any of the products purchased, under any circumstances (in other words, the Entrant may not cancel the purchase if he or she does not win the contest, even if he or she would otherwise have been entitled to cancel.
- 3) If the purchaser decides to enter the contest, he or she confirms payment for one or more products or services (hotel accommodation), after entering his or her credit card information: after submitting this information, the user may no longer cancel participation in the contest (which has been explicitly accepted) or payment for the products or services purchased. The credit card information is submitted to the software system and (in a way which is absolutely transparent for the user):
 - I. on a totally random basis, the contest software determines whether or not to award a prize before completing the transaction;
 - II. if the Entrant wins:
 - a phrase will appear such as “You've won, your purchase has been completed”, followed by the exact specification of the prize or prizes won (summary)
 - no charge will be made
 - the Entrant will receive the prize (in the form of an e-voucher or receipt valid for all intents and purposes) at the email address provided during registration or when making the purchase; the information will also appear on the screen immediately after the win;
 - III. if the Entrant does not win, the full cost of the product(s) and/or service(s) purchased will be charged.

Please note that Entrants have the opportunity to win exactly what they selected for purchase (before choosing to take part in this contest). To this end, if previously selected, the prize will be inclusive of any optional/additional services selected within the www.jollyticket.com website as part of a single transaction (for example transfers, insurances, activities, additional other taxes, etc.). In any case, Entrants may not win products/services that cannot be selected as part of the same transaction, those selected after completing the transaction, and/or those on sale through a website different from and/or external to www.jollyticket.com, albeit connected via a link.

If the Entrant provides untruthful information or attempts to defraud the system or bypass the rules, the win will not be recognised, and the value of each prize which is not awarded will be returned to the total amount of the prizes available to other Entrants. Moreover, if the Entrant does not win, the full cost of the product(s) and/or service(s) purchased will be charged.

At the end of the contest term, the operator of the information system will provide a table in digital or printed form listing the contest Entrants. This table may be used exclusively by an Official of the Chamber of Commerce or a Notary to conduct any necessary investigations; it will not be published or disclosed to third parties, except where required by law.
